About Us

Photography is more than just taking a picture or capturing a moment. To me, it is creating work. In my work, it's what I look for every day.

My name is Catey. I am a work-at-home mom to 3 energetic boys - Kirby, Quinn, and Brexton. I bought my first DSLR camera in high school and started doing sessions for all my friends. Almost 20 years later, I love photography more now than ever. I am constantly learning and improving because we want to give you the most perfect experience and help you build a successful business.

WHAT SETS US APART FROM OTHER PHOTOGRAPHERS?

Our goal is to make building your business and brand stress free! We want to do the heavy lifting so you can focus on doing what you love.

We believe that photography is more than just taking pictures. Photography is capturing emotions and art, as well as details that are important to you in a beautiful way. This is our passion.

How It Works

OUR PROCESS

We have tailored our commercial photography process with two goals in mind:

1

Capture your vision for your business.

2

Make the experience stress free and fun.

How It Works

FIRST STEPS

Initial Consult

ONE: The first thing we will do is set up a free initial consult. At our initial consult, we will talk about your needs, goals and vision. We will make sure we are a good fit to work together. Then, we will design the perfect package that suits your business needs.

TWO: Once you have decided to work with us, we will talk about deadlines and get your half day or full day session hold on the calendar.

Booking the Session

THREE: You will receive a smart file with a contract and invoice. Once the smart file is complete, your session will be officially booked and the agreed upon date will be officially marked as busy on our calendar.

How It Works

NEXT STEPS

Sit Back and Relax

FOUR: We will work our magic to create your beautiful, detailed photos.

FIVE: Once the photos are complete and edited, we will send you the link to the gallery. You will also receive a mobile app for easy access from your phone. You will receive a separate email with the print release and instructions for downloading and printing your photos.
