

PIANO LESSONS WELCOME GUIDE

Hello Pianist,

Welcome to Catey Rice Photography, Design, and Education! I am so excited you are here! In this guide, you will find all of the information about piano lessons with me.

We know that you have a lot of options when it comes to choosing a piano teacher. The piano teacher you choose is not just teaching piano. They are instilling a love of music. A good piano teacher can help embed in their students a burning passion for music and playing the piano.

This is why as a piano teacher, my mission is not only to teach notes and rhythm. I strive to create a love for learning and a passion for expressing oneself through the wonderful world of music.

Best, *Catey Rice*

About Me

Piano is more than just playing notes on a keyboard. To me, it is combining notes, rhythm, and passion to express myself and bless the lives of others.

My name is Catey. I am a work-at-home mom to 3 energetic boys - Kirby, Quinn, and Brexton. I started playing the piano at 6-years-old (many, many years ago). Two years later, I started playing the violin. In high school, I was the concert master of the symphony orchestra. I started playing the bass guitar at 15. And now, I am learning to play the guitar. Why? Because I have a passion for creating music through all of the possible avenues and I am always trying to learn as much as I can about this passion.

WHAT SETS US APART FROM OTHER PIANO TEACHERS?

My goal is to create a fun and inviting atmosphere with an innate enthusiasm for music so that you will look forward to coming to piano lessons each week.

Teaching piano is not a job for me. It is a passion.

Cancellation Policy

Please note that I only take a limited number of students. I reserve a spot for your session for a certain day of the week and time.

I typically have a wait list at any given time. To respect my time and others who are waiting to get into lessons, I do have a 24 hour cancellation policy. Please communicate with me and let me know if you will not be at lessons.

If there are consistent cancellations, I will have to give that spot to someone else.

Thank you for understanding!

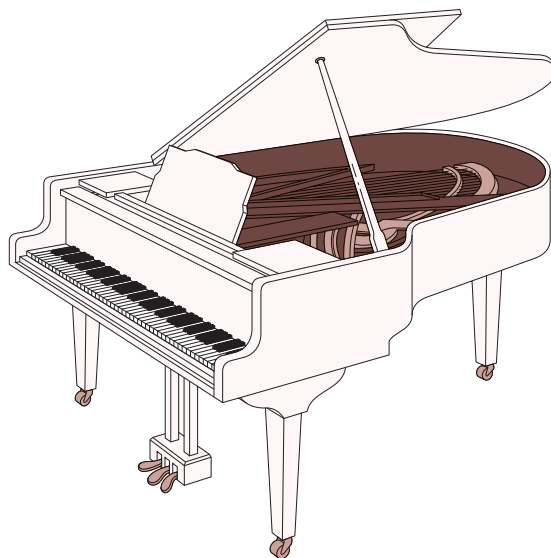

Before The 1st Lesson

WHAT TO EXPECT

If you decide to purchase your own materials, please do that prior to the first lesson. You/your child will need to have them at the first lesson. If we decide that I am going to order the materials, I will do so and will have them here and ready at the first lesson.

You/your child will also need a lined notebook to write notes and assignments in.

Any other materials will be provided by me at your first lesson.

The Lesson

WHAT TO EXPECT

On the day of your/your child's first lesson, please bring the materials and be ready to learn! We will take a few minutes to get to know each other and then we will dive right in! The first week is all about exploring the piano, learning how to sit at the piano, how to hold your hands, etc.

“Music expresses that which cannot be said and on which it is impossible to be silent.”

Victor Hugo

After the Lesson

WHAT TO EXPECT

In between lessons, it is expected that you/your child will practice 30 minutes per day, 5 times per week. I understand that this is not always feasible and there are other obligations in life. Please do your best to practice/have your child practice as much as possible in between lessons. You/your child will be provided a practice log to keep track of your practice.

If you/your child get all of your practice in, I do have a candy bowl that you/your child can choose from at your lesson (if you/your child has an allergy, please let me know so I can make sure I have treats available that you/they can have).
