About Us

Photography is more than just taking a picture or capturing a moment. To me, it is telling a story and keeping a memory alive. In my work, it's what I look for every day.

My name is Catey. I am a work-at-home mom to 3 energetic boys - Kirby, Quinn, and Brexton. I bought my first DSLR camera in high school and started doing sessions for all my friends. Almost 20 years later, I love photography more now than ever. I am constantly learning and improving because we want to give you the most beautiful keepsakes that you can treasure forever.

WHAT SETS US APART FROM OTHER PHOTOGRAPHERS?

Our goal is to make you comfortable during your session. We like to have a great time during our sessions!

We believe that photography is more than just taking pictures. Photography is capturing emotions and relationships, as well as details that are important to you in a beautiful way. This is our passion.

Before Your Big Day

WHAT TO EXPECT

We suggest that you book your wedding photographer 8-9 months in advance. Our calendars book up fast, so you will want to make sure you book as soon as you have a date. Once you have decided that you would like to book us as the photographers for your wedding (YAY!), we will schedule a Zoom call meeting (or meet in person) to ensure that we are a good fit. Once we meet and decide to move forward with the booking process, we will set up your workspace. In this workspace will live all of our documents and files for your wedding (contract, invoice, timeline, etc). You will receive a file that contains the contract and invoice.

We ask for a 1/3 non-refundable retainer up front to hold your date. An additional 1/3 of the investment will be due 3 months prior to the wedding and your final payment will be due 3 weeks prior to your date.

Once this file is complete, then your session will officially be booked on our calendar. Then, we begin the planning process! We will continue to collaborate to ensure we have a solid timeline and we are able to capture all of the best images from your special day.

Your Big Day

WHAT TO EXPECT

Once we arrive at the venue, we will greet you and the other vendors and then we will get to work. We generally start out with the Getting Ready shots, which are images of the bride and bridal party as they get ready for the big day. We also like to get a few of the groom and groomsmen getting ready also. Next, we will work on detail shots. These images focus on the most subtle details of your wedding. Some ideas for details are rings, hair pieces, flowers, invitations, or other unique items that are important to you.

We will then focus on your family and group portraits, the wedding ceremony, and finally reception photos. Prior to the wedding, we will decide on a timeline that works for your special day so we can capture all the perfect images and ensure we create a gallery that you will forever cherish.

"Photography for me is not looking, it's feeling. If you can't feel what you're looking at, then you're never going to get others to feel anything when they look at your pictures."

—Don McCullin

After the Big Day

WHAT TO EXPECT

After the wedding, we get to work editing! We will go through all of the images captured and choose the best ones. We hand edit every single image to make sure it is absolutely perfect! We will post a sneak peek about one week after your wedding and the final gallery is usually delivered within 4-6 weeks. You will also receive a print release form so that you can print your images anywhere. We do partner with a professional printing company and you can order straight from your gallery!

Frequently Asked Questions

DO YOU TRAVEL FOR WEDDINGS?

Yes, we are happy to travel for your event. The cost of travel and reasonable accommodations can be added to our standard wedding package pricing.

WHAT IF MY EVENT GOES OVER OUR CONTRACTED TIME?

We understand that events don't always go as planned. If your contracted time is up, but your event is still underway, we are happy to stay. At the end of your contract time, we will ask you if you would like us to extend. If so, we will charge your contract rate and round it to the next 1/2 hour increment.

WHICH PHOTOGRAPHER WILL BE SHOOTING MY WEDDING?

Catey will be the primary photographer for all weddings. Depending on the package you select, a second photographer or assistant may also participate.

DO YOU OFFER VIDEOGRAPHY SERVICES WITH YOUR WEDDING PACKAGES?

Our specialty is wedding photography and I focus all of my time and attention on capturing your event through portraits. We do work with a wide variety of wedding professionals and are happy to team up with one of our suggested videographers. Just let us know when you book that this is a service that you would be interested in.

Frequently Asked Questions

DO I NEED TO ORDER PRINTS OR ALBUMS THROUGH YOU?

You are welcome to order your prints or other memorabilia from any print lab. Please note that while the cost of printing with your local photo lab may be enticing, retail printing services are non-archival, which means that they will not retain their quality over time. You may also notice less than desirable color results, as they do not always calibrate their equipment for an exact color match. We upload your portraits at the highest quality, If you do decide to print from a local printer, we cannot be responsible for the quality of physical products received from these printers.
