About Us

Photography is more than just taking a picture or capturing a moment. To us, it is about telling a story, preserving a connection, and keeping memories alive long after the moment has passed.

I'm Catey, a wife, mom to three energetic boys, Kirby, Quinn, and Brexton, and a lifelong storyteller through photography. I picked up my first DSLR camera in high school and started photographing friends and families simply because I loved it. More than twenty years later, that passion has only grown stronger.

Over the years, photography has allowed me to document countless milestones, celebrations, and everyday moments that families treasure for generations. What started as a creative hobby has become a meaningful way to serve others by preserving the people and moments that matter most.

As our family and business have grown, Seth has joined me behind the camera. His calm personality, attention to detail, and ability to make people feel comfortable bring a unique perspective to every session.

Together, we work as a team to create a relaxed, enjoyable experience while capturing authentic moments and genuine connections. We are constantly learning, growing, and refining our craft because we believe your memories deserve nothing less than our very best.

Prints & Products

One of the greatest joys of photography is seeing your images come to life beyond a screen. Whether displayed on the walls of your home, tucked into an album, or shared with loved ones, printed photographs become treasured keepsakes that can be enjoyed for generations.

All of our collections include high-resolution digital images and a personal print release, giving you the freedom to print your photographs wherever and whenever you'd like.

For your convenience, professional-quality prints, canvases, wall art, albums, cards, and other keepsakes are also available for purchase directly through your online gallery.

When your gallery is delivered, you will receive a step-by-step guide with information on downloading your images, accessing your print release, and ordering professional print products through your gallery.

Before The Session

WHAT TO EXPECT

Once we have decided on a day and time for your session, a contract and an invoice will be sent to you. The contract outlines our cancellation policies and allows us permission to post your portraits (e.g., sneak peek). The invoice will be for a non-refundable booking fee of \$100 and can be paid via a credit card, PayPal, or Venmo. You can also set it up to autopay the remaining investment the day of the session from your invoice (you will receive a reminder email). Once the contract is signed and the booking fee is paid, your session will be officially reserved!

The Session

WHAT TO EXPECT

On the day of the session, we will meet at our agreed location. We will talk for a minute and then we'll start shooting! It will be a fun day. Depending on the session package you choose, we will take breaks to change outfits or locations. We want you to be absolutely comfortable, so take a breath and relax. Our favorite photos are the ones that are completely natural. We will guide with posing, but we want to capture those natural moments also!

"Photography for me is not looking, it's feeling. If you can't feel what you're looking at, then you're never going to get others to feel anything when they look at your pictures."

—Don McCullin

After The Session

WHAT TO EXPECT

After the session, we will work promptly to edit your photos and get some sneak peeks posted. If you do not want us to post a sneak peek, just let us know! These are usually posted within a week, but may take longer during our busy seasons. Within 2-3 weeks of the session, you will receive an email with the link to your online, private gallery, where you can download your photos. You will also receive an email with your print release document, as well as a document with instructions for printing, downloading, and sharing your photos.
